Contact: (insert your organization's public relations contact)

For Release: upon receipt

(NAME) EARNS CERTIFIED \$ 6 6 2 & , \$ 7 á Ç À À - ! ð

C \$ CMs are individuals who have voluntarily met the prescribed criteria of the Certified  
\$ V V R F L D W H Construction Manager

rogram with regard to formal education, field experience and demonstrated capability and understanding of the & 0 \$ \$ 6 W D Q G D U G T h e C \$ C M U D F W L F H designation is awarded those who have met the professional standards and have demonstrated a commitment and interest in providing the quality professional CM services

The criteria for certification are based on both formal academic training and professional management field experience. Key to the program is the mandatory Responsible Charge (RIC) construction manager experience. This can require verification of the experience that was realized during project execution as a part of a project delivery team; further, this experience must be in the roles and functions of a construction manager throughout phases of construction as defined by CMAA.

Applicants for the C \$ CM must complete a comprehensive and rigorous process including completion of the application with client references, and pass a comprehensive-hour exam based on the CMAA Standards of Practice Certification is renewable on a three-year basis with mandatory continuing education requirements.

The C

wledge and experience that meet established practices of construction management. For more information on CMCI's F U I H V L D O L Q J program V, visit the website at [www.cmcertification.org](http://www.cmcertification.org).
