

Ready to earn your CCM? CMAA's CCM Build Up is an in-depth

CCM Build Up is your guided study experience to master exam preparation. Over nine weeks, you'll participate in weekly webinars and group discussions, covering all 10 domains CCM exam domains and providing a structured study outline. Led by CCM credential holders, the course offers in-depth reviews of the exam content, focusing on areas where you need to concentrate your studies.

Whether you're beginning your CCM journey or gearing up for the exam, this course will help you:

- Assess your knowledge and identify focus areas
- Understand what the exam covers and doesn't cover
- Gain tips and strategies for exam success
- Connect with fellow professionals
